## Income Tax Increase Is Hinted

### Prime Minister Predicts Other Taxes Going Up

OTTAWA, Dec. 4.—(CP)—An increase in federal taxes was predicted today by Prime Minister St. Laurent at the opening of the federal-provincial conference on fiscal and social security matters.

The increase, he said, will be "commensurate with the gravity" of the international situation. He hinted that income taxes will be boosted.

He told delegates that federal expenditures on defence had to be increased because of the menace of Communist aggression, and he added:

"The federal government is faced with the task of finding the money to pay for these additional expenditures."

"I am sure that no one who considers carefully the figures or risks defence costs can be optimistic. But these costs will be met without some increase in taxation."

### INCOME TAX HINTED

Mr. St. Laurent did not refer to personal income tax directly, but he said:

"Faced with the world situation in which I have referred to, it is clear that the federal authorities will have no option but to impose direct taxes to a degree commensurate with the gravity of the situation."

Personal income and corporate taxes are the major direct taxes imposed by the federal government. Sales taxes, excise taxes, customs duties and the like are considered indirect taxes.

Presumably any increases would be made effective through the 1951-52 budget. It may be brought down in March or early April.

## City Man Suffocates

A city man was suffocated to death today in a west end apartment house when his bed caught fire.

He is Jack Hartman, Suite 9, Barry Apartment, 1060-121 street, who died at 7:30 a.m. today.

Hartman was discovered at 6:45 a.m. by two men, Art Richards and T. Robinson, of the same apartment house, who carried him out of the suite.

Artificial respiration was given for three-quarters of an hour but proved useless.

## Living Index Remains Steady

OTTAWA, Dec. 4.—(CP)—After eight advances in ten months, the cost-of-living index in October leveled off to 176.7, the peak established in September, the Bureau of Statistics reported today.

October was the first month in which the "free" Canadian dollar, designed to fight inflation, was allowed to operate.

The bureau attributed the block in the index's advance to lower food and fuel prices. Prices for imported United States coal and coke were lower following removal of controls from the Canadian dollar, the bureau said.

## 2 Die In Auto Parked Beside South Highway

CALGARY, Dec. 4.—(CP)—Leaving just 300 yards from the South Highway, 16 miles west of the city Friday night cost the lives of a Calgary man and woman and another couple, companions on the date, were in hospital today, suffering from carbon monoxide poisoning and frozen limbs.

The tragedy was not discovered until Saturday night. One of the girls revived then and crawled painfully, her clothes feet frozen, to the highway edge and was spotted by passing motorists.

Dead are: Allen Butler, 21, Calgary; Mildred Anderson, 21, Calgary.

## SALUTE TO HONESTY FROM STRANGE SPOT

HOLLYWOOD, Dec. 4.—(AP)—"People are getting more honest these days," said a note left by a burglar who rifled a cafe's cash register and phonograph boxes. The note said "not one nickel was missing."

## CALGARIANS FLEE HOMES

SALVAGING ONLY SCANTIES personal belongings, residents of General hospital area of Calgary flee their homes as ice-choked Bow river overflows its banks and swamps homes in low-lying residential areas. Three thousand persons already are homeless; more may be driven out today.

ICY WALL of water flings itself across whole blocks of residential districts that hug river's edge. Scrambling through two feet of water on Third Avenue near Fourth street northeast, this citizen hopes to reach his home, salvage personal belongings. Thousands of persons are already evacuated from danger areas, others ready to leave wait only for warnings from volunteers keeping round-the-clock patrols of rampaging river.

## Today Is Believed Crucial Point In Calgary's Flood

By Graham Trotter

CALGARY, Dec. 4.—(CP)—Today is regarded as the crucial point of the Bow river flood situation in Calgary. It could herald the beginning of the end of the flooding or see the river go on another rampage like last Friday night when it forced 3,000 persons out of their homes.

Everything hinges on whether the river can find a channel within its banks through a giant dam of ice which has choked the stream since Friday.

The ice jam, which formed the Bow behind itself. But today, for the first time since Friday day, it will carry a peak flow of water to the city from power dams (further west).

The amount of power needed by the city governs the flow of water allowed over these dams. The power demand is greatest during week days when the city's industries are at work. The water level flow was about two-thirds of Friday's.

DANGER PERIODS First flooding, if there is to be more, is expected around 10 p.m. the time the first peak flow of water reaches the city. The second wave will arrive around 3 a.m. tomorrow.

Chief Constable Reg Clements said he believed danger of further serious flooding may be ended if the river stays within its banks today.

The ice jam, which formed in east Calgary at the Bow's junction with the Elbow river, now has built back upstream past the city's main bridge. Low-lying residential districts in west Calgary now face threat of flooding for the first time this year.

RETURN TO HOMES Some of the 3,000 persons flooded out in east-central Calgary have returned to their homes although water still fills their basements and great heaps of ice cover every inch of ground in the area.

## Inquest Is Nearing Finish

### Witnesses In Gas Explosion Case Recalled

By BARNEY MCKINLEY

LEDUC, Dec. 4.—The gas inspector for the town of Leduc today told an inquest jury sitting on the probe into the Leduc Hotel disaster that the "whole gas system" was in complete when gas was turned into the main Nov. 11.

Chief Coroner Dr. Mac Cantor made his address to the jury early this afternoon and said the inquest would be over later in the day.

The inquest jury, which said its duties were to check installation of gas plumbing from the meter to pipes inside premises in the town.

He said he inspected the Leduc Hotel through plumbing Oct. 20 and found it tight, but also discovered there was not enough air being added to the hotel basement to permit "free combustion."

He said he noticed the open pipe into the Leduc Hotel and the fact that it was loose.

"It was concerned," he said, "but I don't think it was the cause of the disaster."

Schultz, who described himself as an automotive engineer and a jack-of-all-trades, said he had received information, "not instructions" before assuming his duties as gas inspector in September.

He said he didn't complain about (Continued on Page 3)

## Egg Prices Drop 5 Cents

Egg prices dropped five cents a dozen in Edmonton today, according to a survey by a director of this organization, F. E. Maricle, lending himself to his talents to a Communist-inspired, so-called peace congress. They repudiated his actions, saying they did not represent the F.U.A. viewpoint and a resolution demanding his immediate resignation.

Eggs had gone up from seven to 10 cents during the past three weeks due to shortage of fresh eggs and exhausted supply of storage eggs.

## French Retake Post

HANOI, Indo-China, Dec. 4.—(AP)—A French army communiqué said last night that French troops have retaken the small post of Phat, in the centre of the French Indo-China defence perimeter. Communist-led Vietnamese forces had seized it in a night attack.

## READY FOR TRIAL

## Mechanical Heart May Bring Humans Back from Dead

By ALTON L. BLAKESLEE  
CLEVELAND, O., Dec. 4.—(AP)—A new mechanical heart is ready for trial on human beings, a surgeon announced today.

If it works it will open a new era in chest and lung surgery and may even bring humans back from the dead.

It is kept in an operating room at Hahnemann hospital in Philadelphia, waiting for the first need of it, said Dr. Charles B. Bailey, removed heart surgeon.

His first use probably will be to try to revive a person whose heart has stopped beating, one who is clinically dead.

Amazingly compact, only the size of a small console radio, the gas-enclosed machine substitutes

## FUA Asks Resignation Of Director

CALGARY, Dec. 4.—(CP)—F. E. Maricle of Hamilton, director of district four of the Farmers' Union of Alberta, has been asked for his resignation because of his association with the Canadian Peace Congress.

He was a delegate to the World Peace Congress in London and Warsaw last month and is en route to Canada.

This development appeared part of a general fight between conservative and left wing groups for control of the F.U.A., which opened a week-long convention today.

The directors requested Maricle's resignation at a special meeting. The action came unexpectedly although it had been generally believed some such action would come on the convention floor.

## CONSTITUTION CHANGE

One of the resolutions before the convention calls for a constitution change, giving the board of directors the power to expel a member. Any motion which the board in its sole discretion considers to be prejudicial to the best interests of the association.

A struggle for the F.U.A. presidency, now held by Carl Strong, was being waged Thursday. Jonathan Wheatley of Chancery has announced his intention to accept the nomination. Also mentioned as possible candidates are Carl Kasper of Strome and Henry Young of Millet.

The directors declared they deeply deplored the spectacle presented by a director of this organization, F. E. Maricle, lending himself to his talents to a Communist-inspired, so-called peace congress. They repudiated his actions, saying they did not represent the F.U.A. viewpoint and a resolution demanding his immediate resignation.

## Canadian Ships Patrol Mouth Of Yalu River

TOKYO, Dec. 4.—(Reuters)—Three Canadian destroyers and one Australian mounted coast patrol yesterday off the mouth of the Yalu River, separating North Korea and Manchuria.

Their task is to prevent the Chinese Communists using the sea route to supply troops thrusting deep into the Korean peninsula.

The three Canadian destroyers in Korean waters are the Athabaskan, the Cayuga and the Sioux.

## British Units Last To Quit Pyongyang

SEOUL, Korea, Dec. 5 (Tuesday)—(BUP)—Pyongyang was abandoned to North Korean guerrillas and the Chinese Communist army early Tuesday morning, Korean time. Last troops in the city were units of the British 29th Brigade, which pulled out across two makeshift wooden bridges over the Taedong river.

TOKYO, Dec. 4.—(AP)—Heavily outnumbered allied troops, behind a rearguard shield, retreated south today from the former Communist capital of Pyongyang in northwest Korea. Despatches said the withdrawal was orderly.

In the frozen northern, borders of reinforced Chinese mounted a grave threat to five United Nations divisions. They were driving on the twin east coast industrial cities of Hamhung and Hungnam and threatened to isolate the entire U.S. 10th Corps.

American troops were fighting desperately to break out of traps. The worst was just south of Changjin reservoir, supplier of power to Manchuria.

Five Chinese armies totalling 15 divisions—up to 150,000 men—were reported south of the Chongchon river and driving toward Pyongyang Monday night.

But AP correspondent El Erickson, at U.S. Eighth Army headquarters, reported that Li Gen, Walton H. Walker was directing an apparently skillful escape of the allied forces.

It appeared that the Eighth Army eventually might escape in a narrow perimeter around the Republic capital of Seoul and its port of Incheon. It seemed unlikely that a solid line across the peninsula could be erected against such massive forces.

## DEEPENS THREAT

The appearance of more and more Chinese Communists at the front deepened the threat to the entire UN position on the peninsula.

Gen. MacArthur estimated 100,000 Chinese are in North Korea and along the Yalu river boundary of Red Manchuria. He said another 200,000 Chinese are moving to the area from central China.

Thus China appeared to have committed one-quarter of her armed strength of about 4,000,000 men to her undeclared war in Korea. MacArthur said preparations for this shoving into the UN campaign against invading Korean forces "were made in haste."

In the actual combat areas, Chinese Communist forces were estimated at 200,000 with 120,000 in the north and 80,000 in the south.

South Korean forces, including the 38th South Korean division, were at some conference with the Chinese (Continued on Page 2)

Over the weekend weather conditions were much the same. On Saturday the high was three below, during the night and early morning it dropped off to 17 below. Slight comeback was made Monday night for a Sunday high.

Below zero temperatures across the province are revealing much about the weather. It is reported below zero temperatures.

## 20 BELOW SEEN

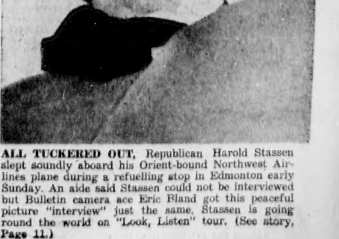

Overnight low tonight and high tomorrow are expected to be 20 below and five below.

Over the weekend weather conditions were much the same. On Saturday the high was three below, during the night and early morning it dropped off to 17 below. Slight comeback was made Monday night for a Sunday high.

Below zero temperatures across the province are revealing much about the weather. It is reported below zero temperatures.

## ALL TUCKERED OUT

Republican Harold Stassen slept soundly aboard his Orient-Express Northwest Airlines plane during a refueling stop in Edmonton early Sunday. An aide said Stassen could not be interviewed but Bulletin camera crew Eric Bland got this powerful picture "interview" just the same. Stassen is going round the world on "Look, Listen" tour. (See story, Page 1.)

## Leduc Blast Inquest Expected to End Today

(Continued from Page 1)

The inquest into the explosion at the Leduc gas plant was expected to end today.

"I had observed such conditions in a system where gas was being turned on and off. In the mains I would have reported it," he said. "I definitely considered it dangerous."

Schultz, 37th witness to testify before the jury said he had never been officially informed the gas was being turned on and that when he heard it might come into the main No. 11, he assumed "the contractors or the utility company would be sure the cut stops were closed."

### WHO DID IT?

Questioning was being concentrated on efforts to determine the identity of the Wilson and Wilson contractors' employee who actually put the open pipe into the hole in the main at the "T" in what was described as an installation made "according to materials, not specifications."

The pipe had also been drilled into the main at the "T" in what was described as an installation made "according to materials, not specifications."

Charles Fleck, employee for Wilson and Wilson for just 10 days before the disaster said the court had drilled into the gas main from a number of "T's on other installations although he had no previous experience."

### FINDS INSTALLATIONS

Fleck also told of checking installations on closing valves on other installations the day before the disaster on orders from Fred Tokarek, Wilson and Wilson's foreman, who, unfortunately on the morning of the disaster is still a probe question mark.

Fleck told the court he knew where the services were for a pipe into a given house and seeing "a mound of dirt showing a ditch had been dug."

He said he missed ten installations.

## Sufferers In Calgary Flood Chiefly Low-Income People

By GRAHAM TROTTER

CALGARY, Dec. 4.—(CP)—The flood of cold, miserable desolation and heartbreak in its icy wake is East-Central Calgary.

The heartbreak is heaped almost entirely on those least able to bear it—the elderly, the sick, the unemployed, the low-income people, the poor, the struggling to make a living.

At least 3,000 of them—mothers and babies, laborers and shopkeepers, aged and crippled—flooded their homes in a 23-block residential district when the Bow flooded Friday night during sub-zero weather.

A tour of the area—aboard a patrolling army Bore—corred after darkness, when further flooding threatened, and on foot in daylight when the water has receded, showed a graphic picture of the flood's aftermath.

**HEAVY DAMAGE**  
Everywhere you look there is loss. Water seeps and builds up underneath the eaves. Brides of iron buildings where basement and ground floors were inundated by freezing water which warped floors, ruined furniture and caused gas heat and hot water.

Many of the modest dwellings, most of them among Calgary's oldest, will not be suitable for occupancy for a lengthy period.

## SAFETY CLUB CONTEST OPEN

Edmonton Bulletin

Safety Club's contest on safety starts today.

The boy or girl member who answers the most "True or False" questions about safety correctly will be rewarded with a pair of skates.

See page 14 for details.

## Child, 4, Dead; Parents Held

LANSING, Mich., Dec. 4.—(AP)—Police yesterday detained the mother and stepfather of a four-year-old girl whose body was found buried in the family backyard in North Muskegon, Mich., Saturday.

Police said the couple, Ted and Crystal Smith, told him they buried little Carol Ann Nov. 20. The pair were quoted as saying they had whipped Carol Ann the day before because she was "unmanageable," and found her dead next morning.

Police said the Smiths had been moved from the front of the house by his brother and taken into town about 11:30 a.m.

Before, she had testified the car was never moved on the morning of the disaster. The new evidence was corroborated by the brother, John Tokarek.

Kerpan said he was with Tokarek all morning and that Tokarek had not gone to the Leduc regulating station, where the evidence of the utility company's chief engineer, W. Gray, had placed him the morning of the explosion.

Tokarek was named by Gray as the man who said the valves on the Leduc gas system were closed just before the gas was turned on.

Ernest Turle, Leduc Utilities employee, supported Gray's testimony and swore he had heard Gray ask Tokarek about the valves.

But when he recalled this on morning he said he could not confirm Gray's statement that Reg. Hault, Wilson and Wilson foreman, was with Gray when, according to Gray, Tokarek said the valves were closed.

Turle said he did not see Hault at the regulator station at all that morning.

Turle said he did not see well-known Joe Anderson there, although other witnesses testified Anderson was in company with Hault.

He admitted under cross-examination.

## Attlee Arrives For U.S. Talks

### Prime Minister Greeted At Airport by Truman

WASHINGTON, Dec. 4.—(UP)—British Prime Minister Clement R. Attlee arrived today for momentous talks with President Truman and said the United States and Great Britain must stand together to maintain peace and resist aggression.

As Attlee stepped from his plane at National airport here, he was met by President Truman, a number of cabinet members, and top diplomats.

Attlee told reporters: "My aim in these talks is to align our policies in the new and troubled situation in the world and to find the means of upholding what we both know to be right."

He said Russia and the Cominform are waging their effort to split the United States and Great Britain.

But the democratic way of life is not being taken. Attlee and President Truman had only a few words together. Tomorrow they'll get down to the real work of what to do about the Korean crisis and the threat of a third world war.

**MANY DIFFERENCES**  
Despite Attlee's calm words, British and the United States government realize that grave decisions must be made now to keep the Chinese Communist intervention in Korea from spreading into a full-blown war which might involve Russia.

And there is ample evidence of many differences in the European and American views on the situation. Europe wants to see the United States at almost any price.

After greeting Truman, Attlee spoke to reporters and over the radio. Then Attlee drove to the British embassy where he will confer with British officials until tomorrow.

At the airport Attlee read this statement: "I am very glad to come to Washington at this critical time to confer with President Truman."

"For many years past Great Britain and the United States have agreed on the broad objectives of their international policy—the maintenance of peace, resistance to aggression, the improvement of living standards in the world."

A short distance away a one-story bungalow as silent. It was there that 20-year-old Art Michaluk escaped growing while running 11 dogs from an adjacent kennel.

Every cur is lined by giant piles of ice blocks above them by bulldozers. Road blocks and lanterns stand at intersections. Stranded ice-caked motor vehicles dot the streets, some of them in the middle of roads where their drivers were caught by the flood's sudden rush.

Every policeman you meet is wearing hip waders. Rescue boats repose at strategic places.

## Reds Threaten Five Divisions

(Continued from Page 1)

Reds: "In the end, we will be in a worse position than ever."

Maj. Gen. Earle E. Partridge, commander of the U.S. Fifth Air Force today ordered 48 B-29 Superfortresses to blast every ridge road skirting the treacherous escape route.

Transport planes made hazardous flights to an air base at Hanoi to remove 1,500 wounded Americans Friday and Saturday.

The operation was described as "one of the most daring" of the Korean war. Southeast of the reservoir, an estimated 45,000 Chinese were reported missing for a drive on Hanoi and its nearby port of Haiphong.

A U.S. 10th Corps intelligence officer said Sunday that some of the Chinese advance elements were 15 miles from Hanoi with other build-up with a 25-mile radius.

Associated Press correspondent Jack MacBeth reported that elements of the U.S. Third Division were under intense fire near Hanoi, about 35 miles west of Hanoi, Hanoi, taken by the Chinese, "was bombed heavily."

Farther north, at Hyejan, the 17th Regiment of the United States 7th Division was ordered to withdraw from positions along a 10-mile stretch of the Yalu river. It was the only American outfit to reach the Manchurian border.

There were no reports Sunday from the South Korean capital division far to the northeast on the road to the Soviet Siberian border.

### CASUALTIES SECRET

Earlier reports had placed the division within 40 miles of the border, rolling along the coast north of Chongjin under the covering guns of the U.S. cruiser St. Paul.

Likewise, there were no reports Sunday as to the whereabouts of the South Korean 3rd Division. It was placed inland on the left and south flank of the capital division.

American dead and wounded in the bitter northeast retreat, if assessed, still are a matter of security.

With the crisis worsening, Gen. J. Lawton Collins—U.S. chief of staff—conferred in Tokyo with MacArthur Monday and flew to Korea a few hours later to inspect the withdrawing U.S. Eighth Army.

The Canadian Secret originally had 72 members—24 each from Ontario and Quebec, 12 each from Nova Scotia and New Brunswick.

Likewise, there were no reports Sunday as to the whereabouts of the South Korean 3rd Division. It was placed inland on the left and south flank of the capital division.

American dead and wounded in the bitter northeast retreat, if assessed, still are a matter of security.

With the crisis worsening, Gen. J. Lawton Collins—U.S. chief of staff—conferred in Tokyo with MacArthur Monday and flew to Korea a few hours later to inspect the withdrawing U.S. Eighth Army.

The Canadian Secret originally had 72 members—24 each from Ontario and Quebec, 12 each from Nova Scotia and New Brunswick.

Earlier reports had placed the division within 40 miles of the border, rolling along the coast north of Chongjin under the covering guns of the U.S. cruiser St. Paul.

# Ottawa Can't Take Bigger Tax Load

## But It Will Try Old Age Contributory Pension Plan

OTTAWA, Dec. 4.—(CP)—Prime Minister St. Laurent told the federal-provincial conference today that the federal government cannot revise its tax agreements with the provinces to add "materially" to its immediate over-all cost to the federal treasury.

At the same time, he announced the federal government will implement an old-age security plan recommended by a parliamentary committee this year if it gets unanimous agreement from the provinces for a constitutional amendment.

The proposed plan calls for contributory pensions of \$40 a month for all at the age of 70 years, and \$40 pensions at 65 with a means test.

He emphasized that defence expenditures and the possibility of higher costs for social security which would call for additional taxes, would preclude his government from substantially increasing payments to provinces at this time. All provinces, except Ontario and Quebec now have agreements with the federal government.

"In view of circumstances," he said, "and of the prospect of further expenditures for social security, it will not be possible for the federal government to make changes in the tax agreements which would add materially to their over-all cost."

The Prime Minister said in a 25-minute address that the proposed new basic would give the provinces a "very substantial increase in minimum guaranteed payments but, in present circumstances, would not affect current payments, which are above the minimum."

Under the present agreements the minimum payments are based approximately:

- 1. A flat per capita amount.
- 2. A smaller per capita amount plus 50 per cent of 1940 provincial taxes in the fields vacated by the provinces.

The third form to be proposed by the federal government, Mr. St. Laurent said, would increase the guaranteed minimum return in proportion to the increase in the gross national product—value of national production—and the provincial production—value of provincial production.

She had worked with the Women's Canadian Club, Women's Labour Club and for many years had been connected with social functions of the Metropolitan United Church.

Surviving her are two sons, Warren Harry, Toronto, and Chester M. P., Ottawa, two daughters, Dr. Esther, Elizabeth, Preyer, Kansas City, Mo., and Miss Ruth Bernice of Edmonton, one brother, Theodore Preston of Bowling Green, Ohio, and also four grandchildren.

Services will be held from 10 to 11 a.m. at the Metropolitan United Church where Rev. David Vandenbroucke officiates. Burial will be in Mount Pleasant cemetery.

They will, in turn, start training men for key positions in the various municipal defence organizations. Representatives at today's meeting included Acting Mayor William Hawrelak, City Safety Commissioner Hugh Davidson, Town Planner Noel Dant, Brig. J. C. Jefferson, and Deputy Mayor A. L. Sim and Commissioner R. S. Gillespie and Jack Deere.

# DIRECTORS OF HOTELMEN'S GROUP MEET

Directors' meeting of the Hotelmen's Association for Alberta is underway today at the Macdonald.

A. G. Swinerton, Macleod, president of the association, is acting as chairman. Approximately 150 hoteliers are in attendance.

Tomorrow the association will hold its quarterly meeting for the Edmonton zone, with Mr. Swinerton again in the chair. Approximately 150 hoteliers are expected to attend.

# Few Fires Or Accidents

City police and fire departments today both reported a "very quiet" weekend, despite the fact that police answered calls to 17 minor automobile accidents.

Most of them were caused by slippery streets and frozen windshields. According to traffic reports, heavy street cleaning for the larger majority.

One of the more serious accidents, a two-car collision on 114 avenue at 87 street, resulted in two cars and bruises to William O'Brien, 630 p.m., general business manager, who was injured. O'Brien did not require hospitalization.

Over the weekend, firemen responded to only one call, and that a minor one. At about 4 p.m. yesterday, a truck from 20 Hall was struck from 100 avenue and 80 street to extinguish a blaze in a children's playhouse.

achieved, the federal government will be prepared to take the steps necessary to implement its part of an old-age security plan along the lines recommended by the parliamentary committee.

Lewis Carroll was the pen name of Charles Lutwidge Dodgson, who wrote "Alice in Wonderland."

# Dog-Lovers Offer Aid To Confined Canine

A score of dog-lovers offered to pay Ranger's feed bill.

Ranger is a big, friendly Labrador retriever owned by Albert A. Simpson, K.C., after the dog's owner, C. R. Freeland, 1040-155 street, failed to pay a \$100 feed bill owed to a national food company.

Freeland was recently refused a permit to operate a kennel, Jasper Place town officials said.

The dog is to be sold by auction on Saturday. Meanwhile it is being housed at Redwood Kennels on St. Albert road.

"People somehow got the idea that the dog belonged to me," Simpson admitted, "they hear a kennel, and I've had a lot of phone calls from dog-lovers who offered to pay the bill so my little girl, Karen, could keep the dog."

"I want them to know that I never owned the dog. It was just brought to us to be boarded until it was sold."

"But it's nice to hear that there are so many dog-lovers in the city."

# Young Couple Admit Beating Tot to Death

CHARLESTON, W.Va., Dec. 4.—(AP)—A young couple admitted today that they had beaten their three-year-old girl to death because she refused to take some medicine for a cold, police said today.

Murder charges were filed against Julius Ross Smith, 27, and his wife, Lily May Smith, 28, in the death Saturday of Ida Smith, 3.

Police said the child's father had left Ida in Mrs. Smith's care since her mother was out of town.

# Welfare Man Gets Post

District supervisor of public welfare for Alberta, R. G. Hagen has been named chairman of the home investigating committee of the Alberta Child Welfare Commission.

Other members of the commission are: C. H. Hill, superintendent, A. A. Abridge, supervisor of guidance, Edward Brown, chairman of the veterans' advisory committee, and Eileen A. Tatham, nurse-in-charge of child welfare.

W. F. Bellack, recently appointed superintendent of old-age pensions, has been appointed to the Old Age Pension Board.

ALBERTA GOT right down to business today in great task of preparing for civil defense. Planning first steps of big job in Administrative Building today were Air Vice-Marshal (retired) G. R. Howsam, left, civil defense co-ordinator for Alberta; Hon. C. E. Gerhart, minister of municipal affairs, minister in charge; and Maj.-Gen. F. F. Worthington, co-ordinator of civil defense for Canada. Edmonton civic officials and representatives from Red Deer attended meeting.

# Alberta Gov't Will Seek Legislation for Emergency

Legislation that will provide authority for emergency measures in case of enemy bombing attacks on Alberta cities and in other forms of disaster will be sought by the provincial government at the next legislative session.

The announcement today by Alberta Minister of Municipal Affairs, Hon. C. E. Gerhart, at a meeting in discussion of civil defense plans in the Administration Building.

Mr. Gerhart requested that legal representatives of the City of Edmonton prepare briefs on what they considered required legislation that would be in turn studied by the solicitor for the Alberta attorney-general's department.

LEGAL AUTHORITY "Civil defense organizations will need legal authority to act and the Alberta Government would like to have legislation ready to go before the next session of the legislature," Mr. Gerhart said.

The minister explained that powers to requisition and the fixing of responsibilities in case of disaster in war or in purely civilian disasters would need to be backed up by law.

The minister also announced there would be a meeting of government department heads tomorrow to appoint leaders in the provincial defense organizations. Edmonton citizens, living in a city of refining and important air centre, should be keenly interested in civil defense.

This was intimated by Maj.-Gen. F. F. Worthington, federal co-ordinator of civil defense. General Worthington said that 20 possible bombing target areas have been designated at Ottawa.

He declined to say whether or not, Edmonton is one of the 20 targets. "Ottawa has not publicly announced the possible target areas," he said.

Three years ago I would not have considered Edmonton very important from a military standpoint. You were the jumping off point for the Northwest Staging Air Route and a rail centre, but that was all.

"Today you have two oil refineries close at hand and more building. We must look to the future in planning civil defense. Edmonton may well be very important five years from now."

The general described this conference and the one held Friday in Calgary as liaison meetings. He said several men are now undergoing training in England on all phases of civil defense.

When these return to Canada the city's natural gas consumption for the day to 96,000,000 cubic feet, a new high for the winter.

A 15-year-old youth whose criminal record stretches back 1940 today was sentenced to 15 months hard labor in Fort Saskatchewan by Magistrate S. G. Main who pleaded guilty to nine offences.

The youth was charged with four counts of shoplifting, three of housebreaking and two of theft. The offences took place in Edmonton and Calgary during October.

Today's 23 below zero weather in Edmonton is expected to beaster

# Prevey Rites Slated Here

Funeral services for Mrs. W. W. Prevey, 19608-Saskatchewan Drive, who died here Friday, will be held at 2 p.m. tomorrow at Metropolitan United Church.

Mrs. Prevey was the wife of W. W. Prevey, founder of the Edmonton City Dairy, who died here in 1946.

Born in Belleville, Ill., she came to Edmonton in 1906, and since then has played an active part in numerous social workers' organizations.

She had worked with the Women's Canadian Club, Women's Labour Club and for many years had been connected with social functions of the Metropolitan United Church.

Surviving her are two sons, Warren Harry, Toronto, and Chester M. P., Ottawa, two daughters, Dr. Esther, Elizabeth, Preyer, Kansas City, Mo., and Miss Ruth Bernice of Edmonton, one brother, Theodore Preston of Bowling Green, Ohio, and also four grandchildren.

Services will be held from 10 to 11 a.m. at the Metropolitan United Church where Rev. David Vandenbroucke officiates. Burial will be in Mount Pleasant cemetery.

They will, in turn, start training men for key positions in the various municipal defence organizations. Representatives at today's meeting included Acting Mayor William Hawrelak, City Safety Commissioner Hugh Davidson, Town Planner Noel Dant, Brig. J. C. Jefferson, and Deputy Mayor A. L. Sim and Commissioner R. S. Gillespie and Jack Deere.

# Pats Sail For Japan or Korea

## Second Battalion Stretches Legs In Parade On Hawaii

PEARL HARBOR, Dec. 4.—(CP)—Canada's first fighting contribution to the United Nations ground forces in Korea sailed on today to an uncertain future.

Ahead of the 2nd Battalion, Princess Patricia's Canadian Light Infantry, was at least another week of life aboard a crowded troopship making slow progress to the western Atlantic peninsula, where the UN armies fight for their lives against a fanatical Communist foe. The big question about the 1,000-ton transport freighter, the Pte. Joe P. Martin, was whether the Pats would be unloaded as scheduled at Pusan, in southeast Korea, or be diverted to Japan to undergo the two months' field training needed to weld them into a fighting force.

The decision is up to Gen. Douglas MacArthur, UN commander. But for the moment, the thoughts of the 1,000 men of Canada's special brigade enlisted for service in Korea or elsewhere were on the few hours of liberty they enjoyed in sunny Hawaii Saturday. The brief time ashore was a welcome respite from last week's storm-tossed passage from Seattle to the westward leg of the long voyage.

DEFENCE news chief for U.S. in newspaper man Clifton Fritchey, editor of New Orleans Item since 1944. He will take office as public information officer for the Department of Defense, Dec. 1.

## North Hit By Disease

CHURCHILL, Man., Dec. 4.—(CP)—A strange malady which leaves its victims briefly paralyzed, reported from native settlements in the Hudson Bay area.

An Eskimo from Eskimo Point, trading post 100 miles north of here on the bay's west shore, said there is much sickness in the settlement.

"Many, many have legs paralyzed, then get sick in the head," he said.

The native, who had infantile paralysis when that disease struck the native population several years ago, says the new complaint is not polio. All afflicted have recovered in a few days. Indians who have come to Churchill from the North River area have also reported similar sickness among their people. They said the disease is highly infectious. North River was one of the Indian settlements swept by severe measles last winter.

## UGG Seeks Ban Removal

OTTAWA, Dec. 4.—(CP)—United Grain Growers Limited, a 4,000-member prairie co-operative, today urged the government to lift the embargo on the shipment of live hogs to the United States.

Worried about markets for the abnormally large production of low-grade wheat, which could be used only for feed, a co-operative delegation headed Agriculture Minister Gardiner's written request that the market for hogs be boosted by lifting the three-year embargo.

The delegation also asked for increased initial importation of western grains and a government grant to increase the final payment for the grain.

Wheat Board pool, which ended July 31.

Opening of the U.S. market for Canadian hogs was a contentious issue at the two-day federal-provincial agricultural conference which ended Friday. Some delegates favored lifting the embargo, while others, including those from Ontario, suggested that it would be to Canada's advantage to have it remain intact.

Mr. Gardiner, at the conference, stated his belief that if the embargo was lifted, it would bring a reduction in the price the Canadian hog producer gets for his product.

## U.K. Defence Minister Scores Korean Moves

WINGATE, Durham, England, Dec. 4.—(CP)—Defence Minister Emmanuel Shinwell said today that Gen. MacArthur had gone beyond the objectives Britain understood applied in Korea.

He said he was not criticizing MacArthur. But he said Britain had been asked to persuade the United States that the Korean campaign should be held within limits.

In a speech in this little town, Shinwell said Britain had "nothing to prevent on the U.S. that nothing should be done to bring us into conflict with China."

"At the moment it would appear that Gen. MacArthur went beyond the objective which we understood to be the objectives at the beginning of the affair, and that as a result we went up near the Manchurian border where there was a very large force of Chinese," Shinwell said.

"MacArthur may have thought he

was well capable of dealing with them. Quite, there may be far too many of them. Perhaps his intelligence was at fault.

"The pattern looks very grim indeed. There is no use deceiving ourselves," Shinwell said.

He claimed that the original objective in Korea was to advance to the 38th parallel, drive the North Koreans out of South Korea, to make way for a United Nations commission to unify the country.

Shinwell said he thought that "a very good idea."

Shinwell said an agreement on German rearmament will be concluded in a few days and would quickly be followed by appointment of a supreme commander for western Europe.

He did not give any details.

was well capable of dealing with them. Quite, there may be far too many of them. Perhaps his intelligence was at fault.

"The pattern looks very grim indeed. There is no use deceiving ourselves," Shinwell said.

He claimed that the original objective in Korea was to advance to the 38th parallel, drive the North Koreans out of South Korea, to make way for a United Nations commission to unify the country.

Shinwell said he thought that "a very good idea."

Shinwell said an agreement on German rearmament will be concluded in a few days and would quickly be followed by appointment of a supreme commander for western Europe.

He did not give any details.

**WELL-KNOWN** Edmonton sportsman Robert G. Dickson holds travelling bag presented him Saturday by Montgomery Branch, Canadian Legion, prior to his departure for Calgary, where he will take over post of district sales manager for Imperial Oil. Dickson has been sports director of Legion branch for past two years. Gift was presented by Lt.-Col. Alan Macdonald, OBE, branch president.

## On Goods to Red Areas

WASHINGTON, Dec. 4.—(AP)—The United States has ordered strict controls, effective at midnight last night, on shipments of all goods destined for Communist China, Hong Kong and Macao.

Commerce Secretary Charles Sawyer also announced Saturday night the same controls will apply to all shipments of strategic commodities from foreign countries passing through American ports en route to Russia and her satellite states, including Hong Kong and Macao.

Sawyer explained that shipments to the colonies of Hong Kong, British Malaya and Macao, and Portuguese possessions are affected.

because two places are important trans-shipment points.

But the Chinese have many strategic goods that might reach Communist or Communist-dominated countries.

China's foreign trade exports now must be obtained on all goods—even for such things as powder pills and toothbrushes. And the Chinese have ships from the U.S. to Macao and Hong Kong and from Macao to China.

**BARGO CLEARINGS**

The restriction means a representative of the U.S. International Trade explained that foreign ships bringing foreign goods into the country must continue to be a three-faction city coalition as a united front against Russian aggra-

per cent vote in municipal elections.

Downgrading Red threats and Communist boycott, 1,504,414 of 1,666,000 eligible Berlin voters cast ballots in the complete elections of the year shown.

The Dominant Socialists lost 100,000 votes in the election.

Downgrading Red threats to the runner-up Christian Democrats and Free Democrats. The Socialists polled 337,377 votes, the Christian Democrats 337,377, the Free Democrats 337,377.

But leaders of all three parties headed by Socialism's Mayor Ernst Thälmann continued to be a three-faction city coalition as a united front against Russian aggra-

### Turkey Reservation Plan

Take advantage of Safeway's Turkey Reservation Plan to assure yourself of a top quality, tender, juicy turkey for your Christmas dinner. Just contact a member of Safeway's meat section staff and arrange for the size and the quality bird you desire. Your turkey will be supplied at the prevailing market price on the date the bird is picked up. Turkeys will be drawn first, on request.

# Time Out

By Dick Beddoes

## ABOUT GEORGE DUNN

A lot of people of sound judgment think that George Dunn is the greatest boxer ever to come to Edmonton.

That is considerable of a mouthful. But the colored cutie, who has settled here after a long sojourn for the greater part of his 34 years in Hartford, Conn., comes real close to being the greatest lightweight boxer ever to come here, at least.

Think, possessor of a honey of a left hand, is a proud man. He is also a man of intelligence and dignity.

Instead of being subdued by prejudice towards the Negro race, he resists it, insisting on meeting his fellow human beings as an equal. That is a fairly modest demand in view of his character and efficiency in his profession.

Even in the black hole that is the gym-under-the-Gem, where he trains for several hours each day, Dunn is dignified and well-mannered.

And he has adopted the approach to sports writers which the late Jack Johnson had when he was heavyweight champion of the world. Johnson, a Negro, once said to a reporter: "Whenever you write about me, just please remember that I am a man, and a good one."

Just how good Dunn is inside the ring may be seen by the emphasized tonight when he attempts to alter the features of Mr. Dutch Hopper from Minneapolis.

In four previous appearances Dunn has displayed the alienated left hand and cunning defensive skill. I think he can hit hard with either hand when he wants to, although the boys in the cauliflower industry really point out that if there is any weakness in Dunn's equipment, it is his inability to punch with the right hand.

But up to now, he hasn't required too much devastation in his right fist to take out of Al Martin, Proctor Heindorf (twice) and Rudy Zadel.

As to the outcome of tonight's scuffle, the prophets are hampered by reason of not previously having viewed Mr. Hopper. All you have as a yardstick is his ability, a past record which does not appear to equal that of Dunn's.

Myself, I will invest a few doubloons on Dunn's scalp. He can be beaten by this chap but your credulous servant will not believe it until it actually occurs.

## Former 'Pals' To Rattle

Fervent Marc Macdonald has 'a date' at the Stock Pavilion tonight, one he's just going to keep, too.

It will be Macdonald against Al (Kramer) Korman in the next line offering on promoter Al Gemmings' weekly rattle card.

Over since last week's losing tag team effort against Earl McCredy and Steve Gub, late partners Macdonald and Korman, who swore vengeance—against the McCredy-Gub due—but against each other.

Macdonald accused Korman of running out on him last time, whereupon McCredy and Gub promptly took Macdonald to the cleaners.

In the semi-weekly, Glamo-Boy Gene Dubuque jacked Ivan Kavanagh, completing the card it will be Larry Jacobson against Ray Young to open the show at 8:30, followed by Al Lortie and 'Lefty' Parker.

## FAN FARE

HOW CAN I GET IT? The show is not for sale.

By carrying doublets, rate have killed more people than all the wars in history.

## Brandon Bopped

DENVER, Colo., Dec. 4.—(AP)—University of Denver defeated Brandon 9-4 in an exhibition hockey game Saturday night.

By carrying doublets, rate have killed more people than all the wars in history.

Their ports of call included Toronto, sometimes referred to as Hogtown, and New York, a location of some importance on the eastern seaboard.

While in Toronto they were guests of the Canadian Rugby Union at three bucks a copy at the Grey Cup Plaque Presentation and included some touring thespians known as the Winnipeg Blue Bombers, in a shabby supporting role.

It was not a smash hit, according to Mr. Anderson, except at the box office where the promoters stroked the sickle coats of \$8.00 dollars.

## BAD DAY ALL ROUND

The west had a real bad day of it in the football field. Winnipeg lost miserably 13-0 to the scores and Mr. Anderson having his beau-

## ELONGATED Ralph Siewart of the Detroit Vagabond Kings

Kings is not as long as advertised, according to some research carried out by the Bulletin Saturday night. Advance publicity placed Siewart at 7-foot-2-inches, but Bulletin anthropologists upon measuring him from end to end, found him to be only 7-foot-1 1/2-inches.

## Fans 'Hoodwinked' On Player's Height

The 410 fans who witnessed Detroit Vagabond Kings whip Waterloo Meteors 67-57 in an exhibition basketball game at Victoria High Saturday night were hoodwinked.

For they had seen, mainly, to see a tall fellow named Ralph Siewart who plays for the Kings.

He is advertised as being 7-foot-2-inches high but actual measurement made by The Bulletin found him to be only 7-foot-1 1/2-inches from end to end.

That is a cross 'hoax' which Edmonton fans hope will be perpetrated upon them again. If there is any weakness in Dunn's equipment, it is his inability to punch with the right hand.

But up to now, he hasn't required too much devastation in his right fist to take out of Al Martin, Proctor Heindorf (twice) and Rudy Zadel.

As to the outcome of tonight's scuffle, the prophets are hampered by reason of not previously having viewed Mr. Hopper. All you have as a yardstick is his ability, a past record which does not appear to equal that of Dunn's.

Myself, I will invest a few doubloons on Dunn's scalp. He can be beaten by this chap but your credulous servant will not believe it until it actually occurs.

# ENGLISH CRICKETERS OFF TO GOOD START

BRISBANE, Australia, Dec. 4.—(REUTERS)—After a one-hour delay because the pitch was unfit, England scored 28 without loss by lunch time today against Australia on the third day of the first Test Match here.

This was quite a good start by England's new opening pair, Reg Simpson and Cyril Washbrook, who were seven and 10 not out, respectively.

Australia was dismissed for 228 in their first innings Friday.

## PRIZE LIST UP

# ACA Reduces Draw Slightly

Officials of the Alberta Curling Association took a deep breath yesterday and slashed the minimum number of games guaranteed each rink in the annual bonspiel from 10 to nine.

Thus, according to secretary Jim Johnston, the association virtually adopted the much-maligned draw system which has been used in recent years.

Only change was moving of two competitors to make them tertiary victims of the city and visitor events, respectively.

The ACA prize list has been upped \$300 this year, making the total greater than \$500.

Officials also voted a change in the admission to charge to the "spool" season tickets to the week-long curlingfest, now can be purchased for \$100, while the daily admission is 25 cents.

Tickets to the British Consols remains at 50 cents for the entire show.

The ACA bonspiel commences Feb. 5 while the Consols playoffs begin Feb. 19.

## Leafs Triumph Over Vegreville

VEGREVILLE, Dec. 4.—(AP)—By Jerry McKeown, a defenseman of the Leafs, Edmonton Maple Leafs turned back Vegreville 4-1 in a 10-minute game here Saturday night.

The visitors took a 4-0 lead in the first period and never looked back.

In addition to Melnyk, other Maple leaf goals were registered by Dave Magee, Eddie MacDonald, McKel, Johnny Young and Verjey.

Eddie Spack, Bandura and Harata tallied for Kinnamen.

Gang served to officially open the season in Vegreville.

## 'Sons Roll On'

LETTERS FROM THE CP—Lethbridge Native Sons unleashed a four-goal attack in the third period to down the Junior Canucks 6-2 Saturday night and stretch their lead at the top of the Western Canada Junior Hockey league to five points over Regina Pats.

Next move 'CAP WINNER AT HOLLYPARK' INGLEWOOD, Calif. Dec. 4.—(AP)—Alfred O. Vanderbilt's Next Move romped home as expected to a 2-1 lengths, wire-to-wire victory over eight other fillies and mares Saturday in the \$25,000 Vanity Handicap at Hollywood Park.

The Colnet twosome of Betwisch and Wistful ran second and third in the 1 1/2-mile feature. Next Move, running as an entry with Bud O'Keefe, was a 1-2 favorite and paid \$20.00, \$10.00 and \$2.00.

Jockey Eric Guerin took Next Move into a clear lead in the first furlong.

He played hockey with the old Montreal Maroons.

## 'Old Oriole' Passes

WELLAND, Mass., Dec. 4.—(AP)—Robert P. Hall, 72, of Cambridge, former major league baseball and hockey player, died Friday.

A native of Baltimore, he began his professional baseball career with Baltimore Orioles when the turn of the century and also played with Brooklyn and New York Yankees.

He played hockey with the old Montreal Maroons.

# Flyers Fire Slowly, Finish Quakers 3-1

Saturday is traditionally "let's-go-out" night. It took coach Frank Curry's Flyers more than a period and a half, but they finally "went out" to beat Saskatoon Quakers 3-1 Saturday night at the Gardens.

An estimated 200 witnesses at the Westerns-Canada Hockey league game.

Flyers' win, their sixth straight game without a loss, came on goals by defenceman Gordie Watt, rookie Lloyd Ferguson and veteran Alex Pringle.

Chuck McCulloch fired the Quaker goal early in the first period to give the Men of Motion a 1-0 advantage. Cy Rouse and Alex Kuznetsov assisted on McCulloch's marker.

Quaker goalie Jack Olson kept the hungry Flyers forwards off the score sheet until midway through the middle acts. He "robbed" Ray Barry, Roy Hastings and Steve Witlik in turn before Watt finally ended his armor.

Game was roughly contested. Referees Al Bosak and Maurice Walsh doing out 11 penalties, six to Quakers.

Watt led the contest at 14, taking Colin Kilburn's relay inside the blue line and firing a hard shot from about 35 feet out.

Olson appeared to have the shot blocked, trapping the rubber between his pads and the goal-post, but it dropped inside the goal crease.

Four minutes later, Doug Anderson sent Ferguson in the clear from the Quaker blue line and Flyers went ahead 2-1. Pringle blasted some of the closest shots of the game, but it dropped inside the goal crease.

## Thousands Flee As Reds Near Pyongyang

By Tom Lambert  
 PYONGYANG, Dec. 4.—(AP)—The great tragedy of Pyongyang began unfolding today.

Thousands of city residents and Korean refugees from other areas began a last-minute exodus from this doomed city. The former Red Korean capital seems certain to revert any day now to its Communist masters.

The people poured through silent streets and twisting alleys to the wind-whipped north bank of the Taedong river.

They climbed down the retaining wall in the shadow of a serene Buddhist temple. They surged aboard the few craft still navigating the south bank of the river—and a few additional feet of freedom.

They waded the leveed river north of the city. They clung with stiff, cold hands to the prows of the few ferries and rowboats crossing the stream.

They crawled perilously along the shattered girders of the city's vehicular bridge, one span of which the Reds dynamited into the river before they abandoned this city last October.

In one slot in the shadow of the great Japanese built two-span

railway bridge, they lost a means of crossing the river.

U.S. army engineers today dynamited the army-built pile bridge designed to carry rail traffic across the river. The army bridge was incomplete, but was to have been operating Dec. 15.

The refugees—old men and women—... young women with babies strapped to their backs—... children whispering with the soldiers seemed to have no place to go, other than away from this Red-threatened city.

## Great Priest's Tomb Found Near Cairo

CAIRO, Egypt, Dec. 4.—(AP)—The tomb of the great priest of the ancient city of Heliopolis, Ra-Djeh, who lived 2,600 years ago, was discovered near Cairo Friday.

Dr. El-Dine, director-general of the Egyptian Department of Antiquities, said Saturday. Dr. El-Dine said the inscriptions on the walls of the large funeral vault, built on ancient gravel, revealed that Ra-Djeh lived about 660 B.C. under the 26th dynasty of the Pharaohs.

## Drug Addicts Show Jump In Canada

LAKE SUCCESS, N.Y., Dec. 4.—(AP)—The United States and Britain Saturday reported a sharp increase in dope addicts—victims who have "graduated" from marijuana to heroin.

Post-war prosperity, a desire for "kicks," international tension, and a greater availability of heroin because of increased smuggling from Italy and Turkey were responsible, the U.S. commission on narcotics was told.

In the U.S. one in every 3,000 of the general population—or an estimated total of 53,000 persons—was a heroin addict, Harry J. Anslinger, federal narcotics commissioner, reported.

Col. C. H. L. Sherman of Canada told the commission that never before has the heroin traffic been so prevalent, with street peddlers now selling as much as half an ounce at a time instead of merely a few grains.

British delegate Samuel Hoare said 326 new drug addicts were recorded in his country during 1949, but that the great majority were past 30 years of age.

## Crash Kills 14

SANTIAGO, Chile, Dec. 4.—(AP)—Fourteen persons were killed and more than 50 injured in a collision of two buses on a highway near here last night.

## Bookmaking Ring Cracked In East

### Detroit, Ontario Police Make Joint Raids to Halt Gambling

WINDSOH, Ont., Dec. 4.—(CP)—The framework of a suspected international bookmaking syndicate was cracked this week-end in synchronized, co-operative anti-gambling raids by Detroit and Ontario Provincial police.

Plainclothes squads in two border cities of Windsor and Detroit late Saturday entered 18 places—six of them in Windsor—which police said were either relay points for a race-course wire service or centres of handbook activities.

Detroit officials said the wire service linked a \$15,000,000-a-year gambling business in the establishments raided.

It was believed to be the first international crack-down aimed at halting the flow of bookmaking information across the Canada-United States border. That flow has been the focus of a recurring investigation by police.

Crown Attorney Alex Hall of Windsor said "all possible secrets" surrounded the raids. They had been preceded by two months of joint planning by Detroit and Ontario provincial police.

The crown attorney said the crack-down can be considered "only the start of a campaign."

Two men were arrested in Windsor, and some 75 in Detroit. Further investigations, to be made jointly by police of the two countries, may bring in other suspects in Windsor, police indicated.

The two Windsor men, Cyril Drew, 28-year-old private detective, and Gordon Keltz, 37, were arrested by police who broke into two apartment buildings, changed with keeping a betting house, they were later released on bail of \$1,000 each.

OTHERS LIKELY  
 Investigation is continuing and may involve others," said Edwin V. McNeill, Windsor's acting police chief.

The Windsor raids were led by E. T. Doyle, deputy commissioner of the Ontario provincial police. A Canadian Navy signals officer was called in for technical aid on the raids. Thirty-two provincial police officers took part in the six Windsor raids. The 12 Detroit raids were carried out by 53 officers.

## Population Up At Port Arthur

PORT ARTHUR, Dec. 4.—(CP)—Port Arthur's population increased by 919 this year and now is 31,842, it was reported today by Charles E. Colvin, assessment commissioner.

He said the population dropped in the downtown area and increased in new residential sections near the city limits.

Population of adjoining Port Williams at latest report was 34,400, an increase of 228 in a year.

## Canada Repairs Asked for Ships

SAINT JOHN, N.B., Dec. 4.—(CP)—The New Brunswick Council of Labor Saturday adopted a resolution asking that repairs to vessels of Canadian registry be carried out at Canadian shipyards.

The resolution, approved unanimously at the council's fifth annual convention, also asked that a tax of 50 per cent of repair charges be assessed by the Dominion in cases where ships are serviced at foreign yards.

Kirk Leaves Moscow  
 MOSCOW, Dec. 4.—(Reuters)—Admiral Alan G. Kirk, United States ambassador to Russia, left Moscow today in a special American plane for London on his way to Washington. He is going for outline consultations and a short Christmas vacation.

## Famed Ottawa Barber Dies of Cancer at 62

OTTAWA, Dec. 4.—(CP)—Paul E. Tasse, barber to royalty and personal friend of two Canadian prime ministers, died early today.

The 62-year-old red-haired barber, who for years handled the No. 1 chair in the barber shop of Ottawa's swank Chateau Laurier hotel, had been ill for several months, suffering from cancer. He had been retired on pension.

Tasse made news more than once because of his close friendship with the late W. L. Mackenzie King and the late Viscount Bennett. He served them as barber for years and sometimes they confided their troubles to him.

These are some of the impressions Tasse gained of the two prime ministers.

"King was the smarter politician, the better statesman, King was in politics all his life. That was his career. Bennett was a successful business man. He came into politics in a secondary sort of way. The Conservatives had nobody else."

"But he (Bennett) tended to run things all by himself. He wouldn't speak to his cabinet half the time. He would come into the barber shop head down. There might be cabinet ministers there. He'd never see them. He knew they were there all right."

King when he came into the barber shop, would look around. He would see somebody he knew; he would extend his hand, say something and smile."

Tasse, considered Bennett the more generous and King the more thoughtful.

Commissioner Lauds Canadian Industry  
 POONA, India, Dec. 4.—(Reuters)—India should take advantage of Canada's "great ability" to help her industrial programs, B. P. Adarkar, commercial councillor designate to the Indian high commission in Ottawa, told business men here yesterday. Adarkar, who will shortly go to Canada to take up his post, said that Canada's capacity to supply machinery and industrial goods was "far greater than estimated."

# on the TOWN...

By Jack DeLong

## Walking the Floor

Conclusions reached after week-end of intimate contact with six week-old son Barry:

(1) Babies cry 38% percent of waking hours. (2) Babies nurse milk 42 percent of remainder of waking time. (3) Babies sleep 39 per cent of 24-hour period. (5) Parents don't sleep 23% per-cent of 24-hour period, concentrated between hours of 12:27 and 5:34 a.m.

(6) Babies require diaper change every three and one third minutes. (7) Babies start to go and coo just when you think they're going to die. (8) Babies just don't give a hoot whether other people get any sleep.

Did you notice that red glow on 101 street Saturday morning? That was from face of manager of Army and Navy Store. Frost from main front door fight just at opening time.

Little boy and little girl who lost two-dollar bill in the Roxey theatre building Merrick Drugstore Saturday, can get some by paying another visit to the store.

Clare found money on a counter after kiddies searched in vain.

Case of the Denver sandwich: Fred Doucette may soon wish he had never posed as an authority on the Denver sandwich.

Along comes cook Joe Martin, of Spirit River with the following recipe for the Denver: Mince Spanish onion, one egg, minced ham, minced green pepper, all whipped, or better still, soufflé, and grill.

It should be served open-faced on toast with French fried potatoes and pickles or black and green olives.

Mr. Martin agrees it is nothing short of "murderous" the way Denver are made in most cafes nowadays.

He also reminds me that Denvers are called western sandwiches east of the Mississippi.

Then there is the St. Paul sandwich where minced bacon is substituted for ham. Another name for this switch is eastern sandwich.

Mrs. Judith Liscum of 10860-113 street has an orchid for driver of CBE express van who stopped to assist her in wheel chair to side of road on 101 near 101 avenue the other morning.

Cripple's wheeled chair was stuck in rut.

Everybody around the Legion Montgomery Branch is sorry that sports officer Bob Dickson is going to live in Calgary. It was a nice farewell to the boys there for Bob at the Memorial Hall Saturday.

Good luck in your new job Bob.

A cherry goodnight to all and especially to people near the top of a pyramid.

## Stassen Sleeps Through Stopover at Edmonton

Prominent U.S. Republican Harold Stassen started a round-the-world "Look East" tour last week-end by neither looking at or listening to Edmonton during a brief plane stopover here.

The three-governor of Minnesota, president of University of Pennsylvania and super-chief of President Harry Truman's foreign policy, slept peacefully in his berth aboard an Orient-Northwest Airlines plane during a half-hour refueling stop here early Sunday.

Stassen left St. Paul five hours earlier, at around 9 p.m.

NO INTERVIEW

Robert Matesson, assistant to the Republican bi-weekly, told newsmen that Mr. Stassen would not be available for an interview because "he has had a very tight schedule of late and wants to sleep while he can."

Matesson did answer several questions on behalf of Mr. Stassen.

Summarizing, he said: (1) The Stassen tour was planned to show the present situation in the Far East, particularly in Korea, to Japan and possibly some of the Japanese leaders; (2) Stassen will talk with General Douglas MacArthur in Tokyo and possibly some of the Japanese leaders; (3) He will continue on from Tokyo to Hong Kong, Singapore, the Dutch East Indies, Sing-

apore, Delhi, Karachi, Israel, South Africa, the Belgian Congo, French Equatorial Africa, Portugal and England, having talks with as many national leaders as he can; (4) He will return to the United States about Jan. 9.

WAR POSSIBLE

Matesson said that Mr. Stassen does not believe a Third World War is inevitable but considers such a conflict possible.

The trip is in response to invitations of leaders in Asia in the hopes of making a contribution to the hope for world peace.

Stassen is a firm believer in the theory that Communism must not be appeased. He will back President Truman as long as he is firm in his policies in regard to Communist aggression and expansion in Asia.

Stassen will not be a candidate for the Republican presidential nomination in 1962 as he was in 1948. He has already announced he will back some other candidate.

## TWENTY-FIFTH ANNIVERSARY

CHATING BRIEFLY in Trocadero where 25th anniversary banquet of French Canadian Association in Alberta was held Sunday is J. M. Fontaine, president Edmonton section, and Dr. L. P. Moussion, M.D., provincial president. His Excellency Bishop M. Baudoux, St. Paul; J. A. Gallant, manager radio station CPHA; L. Bertrand, M.P., AFCA delegate from Quebec, and L. Bruyere, Manitoba delegate, were among the 300 French-Canadians in attendance. Event also marked first anniversary of station CPHA.

## Air Travel Credited With Overcoming Race Prejudice

Intermingling of servicemen in the last war and commercial air travel between Quebec and the English-speaking provinces have done much to overcome long-standing racial prejudice and misunderstandings in Canada.

This is the conviction of Lionel Bertrand, M.P. for North Terrebonne, Quebec, and owner-editor of the French-Canadian Association of Alberta held in the Trocadero last night.

Terrebonne is a resort town of 10,000, 18 miles north of Montreal.

Mr. Bertrand flew to Edmonton to address the annual banquet of the French-Canadian Association of Alberta held in the Trocadero last night.

He said that the French-Canadian Association of Alberta is rapidly becoming a living reality.

Young French and English Canadians got to know each other well in the Second World War. Now with the airplane making long distance travel so easy, French and English are coming to know each other even better, Mr. Bertrand said.

While in Edmonton he will meet with Rev. Father Britton, editor of the Alberta French language weekly, Le Survivant, published in this city.

LIVING REALITY

Secretary-treasurer of the 51-member association of French language weekly newspapers in Canada, Mr. Bertrand is certain that French-English unity in Canada is rapidly becoming a living reality.

Young French and English Canadians got to know each other well in the Second World War. Now with the airplane making long distance travel so easy, French and English are coming to know each other even better, Mr. Bertrand said.

While in Edmonton he will meet with Rev. Father Britton, editor of the Alberta French language weekly, Le Survivant, published in this city.

## Lloydminster May Seek City Status

### STUDENTS PLAN MARCH ON GOV'T

Spokenmen for University of Alberta students today revealed they are planning to organize a march on the legislative building to protest the proposed "leasing of the professions" by the Alberta government.

Campus newspaper, The Gateway, has been holding the protest editorially.

Last Friday it ran a full page of fake ads by fictitious professional men. Included were comments such as "Can you read the fine print in the Alberta Leasing Act?" Doctors advertised "Amputations 10 per cent off."

Students plan to march on the legislative building on Saturday.

They will be joined by members of parliament, and included Ald. Ken Lawson, representing the mayor and Hugh Pearson, vice-president of Edmonton chamber of commerce.

Lloydminster committee was headed by R. L. Shaw, mayor of Lloydminster; H. G. Chapman, president of board of trade; and councillors Les Hand, Joe McLean, H. J. Noyes, S. M. Laroche and E. G. Hadden. Mayor W. Pile of Vermilion was representative for that neighboring town.

SACK, DELEGATION

Heading the Saskatchewan delegation was Mayor Garnet Menzies of Regina.

The new service is expected to be a definite boost to Lloydminster. Since the discovery of the asphalt-bearing strata in the area, the border town has been suffering severe growing pains. With the population nearing the 5,000 mark, the town is seriously considering changing to city status and marks the new air service as a definite proof of the centre's progress.

The new service closes a gap in a direct service from Edmonton to all main centres in Saskatchewan.

The new terminal building is under construction at the new airport. It will house CNA equipment and officers.

Other members of the Edmonton delegation included: John Hunter and Kenneth Saunders, department of transport; Tom Fox, of Associated Airways; T. Nijer, district postal superintendent; James Hill, district manager; Fred Snowdon, Husky Oil; CPA officials were: H. E. Phillips, manager of domestic flights; W. H. "Woody" Macdonald, director of development; J. G. Tait, superintendent; and Dave Stinson, traffic manager.

## Opening of Air Service Boosts Centre's Progress

Lloydminster welded an aerial link between Alberta and Saskatchewan when pre-inaugural flights of Canadian Pacific Airlines reached the border town from Edmonton and North Battleford.

Carrying civic and CPA officials, the flights met at the newly-constructed Lloydminster airport as a preview to their regular bi-weekly service which starts today.

Delegates from both provinces were met by town officials and escorted at a banquet in hotel dining room.

The 32 members of the Edmonton party were headed by George Pruthi and John Weir, both members of parliament, and included Ald. Ken Lawson, representing the mayor and Hugh Pearson, vice-president of Edmonton chamber of commerce.

Lloydminster committee was headed by R. L. Shaw, mayor of Lloydminster; H. G. Chapman, president of board of trade; and councillors Les Hand, Joe McLean, H. J. Noyes, S. M. Laroche and E. G. Hadden. Mayor W. Pile of Vermilion was representative for that neighboring town.

## SOMETHING NEW

### Sally Ann Xmas Pots Transparent

Notwithstanding one will be much like your at the Saskatoon Army's ten-cent station.

Instead of the old kettles not used to collect donations in the past, there will be a plastic bubble container hanging by three chains from the top of a new station, shaped stand.

This way the public will be able to see how much is in the pot and act accordingly.

Collection will start Dec. 9. Two local organizations have volunteered to help man the Christmas stations during the week.

The Compostell club will provide workers for the stations. The Edmonton council, United Commercial Travellers of America.

Money collected will be used to make a happy Christmas for needy families. It will also help in the relief work, through the Christmas fund, during the coming year. In charge of collections is the Salvation Army's Christmas welfare board, headed by H. G. F. Mervin, divisional commander of the Saskatchewan Army.

**SHINING STARS** of Glensora Skating Club opening and annual tea yesterday were group of 10 young skaters who presented a fantasy of flashing blades for 500 members and guests. Included in program were Noreen Armstrong, left, Carol Taylor, Sonja Currie and Gay Inglis.

### 'Club 51' Registers As Success With U of A Fundsters

Chorus girls and campus couples combined for an evening of fun Saturday when University of Alberta Inter-Faculty Council presented annual "Club 51."

Cabaret style party was held in the campus drill hall to raise funds for help of European students.

Floor show introduced by a chorus line of 24 co-eds was based on a Latin theme by directors Jack Vixen and Clem Kerr.

An informal affair, a capacity crowd of students attended the party.

### Doll Fashions To Feature In Robertson Bazaar

53 Fashions for Dollies will be presented by Circle Five, Robertson United Church, Wednesday, from 3 to 5 p.m.

Dolls, furniture, wardrobes, accessories for the "wee folk" will be featured at bazaar and tea at the church hall.

President Mrs. Lee Dillion and her group members promise answers to every doll-minded Christmas dream, with rubber boots, purses, umbrellas, rain-coats, party costumes as well as up-to-the-minute fashions for big "little dolls."

Mrs. A. A. Neil, Mrs. D. H. Mitchell and Mrs. Cliff Asberg are co-conveners of the Wednesday affair. Mrs. Dillion and Mrs. J. A. Leask will receive guests. Mrs. Angus MacQueen, Mrs. R. M. Thompson, Mrs. A. R. Lally, Mrs. J. Gordon Butler have been invited to pour tea.

Mrs. Arnold Boon is tea co-convenor assisted by Mrs. Edson Barnes and Mrs. James Taylor.

Assisting in serving will be Mrs. J. Belanger, Mrs. J. Cline, Mrs. E. D. Emmott, Mrs. D. Grant, Mrs. Thomas How, Mrs. J. E. Keitt, Mrs. V. M. Lloyd, Mrs. H. W. Law, Mrs. W. R. Lomas, Mrs. A. Olsen, Mrs. W. N. Peggles, Mrs. R. G. Belstock, Mrs. C. Robson, Mrs. B. Wallace, Mrs. Lee Yuen and Mrs. F. Saville.

Mrs. C. E. Walsh is in charge of decorations for the hall.

Assisting with bazaar are Mrs. Gehlhouse, treasurer; Mrs. J. W. Farnalis, Mrs. B. W. Shearer, Mrs. S. Bushman, dressmaker; Mrs. and dresses; Mrs. W. H. McKinnon, Mrs. D. Houston, Mrs. J. L. Ellington, provision; Mrs. W. Heston, cake; Mrs. H. F. Nelson, snowsuits; Mrs. Jack Sparks, lingerie; Mrs. I. J. McDonald, Mrs. D. J. Bond, knitted wear.

**Mrs. Low Convenes Bazaar for Group**

New church building was the scene of the bazaar held by Women's Organization of the Church of Jesus Christ of Latter Day Saints Saturday.

Mrs. A. L. Low was bazaar co-convenor assisted by Mrs. D. H. Hammond.

Embroidered linens, dolls, toys, children's and baby's clothes, aprons and novelties for gift giving or home use were sold.

**Iris Bernice Walker Wed To Bruce Wilford Hall**

RED DEER, Dec. 4.—White satin bible topped by an orchid was carried by Iris Bernice Walker when she exchanged marriage vows with Bruce Wilford Hall at Church of the Nazarene recently.

Mrs. Walker is daughter of Mr. and Mrs. Arthur Walker of Red Deer and Mr. Hall is son of Mr. and Mrs. Fred Hall of Edmonton.

Rev. A. R. Gough performed the double ring ceremony in a setting of assorted flowers and ferns.

Entering the church on the arm of her father the bride wore a white satin gown styled with a lace yoke and lace insets in the skirt. Her long veil was held by a beaded crown.

Mrs. T. E. Caegon of Red Deer attended the bride. She wore a yellow tulle dress with a net over skirt.

Keith Hall, brother of the bride,

### Social and Personal

### Tea-Time at Glenora

Festive glitter of Christmas decorations put a party face on Glenora Skating Club yesterday for the annual opening tea.

Chairman of the house committee Mrs. H. N. Knight and Mrs. S. S. Armstrong received guests from 3 to 5 p.m.

Mrs. Cyril Kenway was in charge of tea arrangements. Presiding at the tea were Mrs. Neville Lindsay, Mrs. R. E. Jones, Mrs. F. O. Roth, Mrs. K. M. Park, Mrs. H. L. M. Hart and Mrs. J. Gordon Butler.

Sonja Currie, Carol Taylor, Betty Anne Clemon, Mary Stack, Barbara Butler, Marjorie McEwan, Eileen Stack and Elaine Conroy performed in an intermission figure-skating exhibition.

**VICTORIA AVENUE** home of Mrs. James Hutton was opened yesterday for annual Christmas tea held by Les Bonnes Amies Club.

Yvonne Parent, president, and Simone Barbeau, social convenor, received guests from 3 to 6 p.m.

**GAILY DECORATED** doll carriage pushed by Linda Manning brought gifts of linen to Miss Helen Cormie, December bride-elect, when she was entertained recently at home of Mrs. Percy Manning.

Miss Marguerite Manning assisted her mother.

**JOHN DOWD MBE**, will be guest speaker tomorrow when Mrs. E. Wernhor entertains National Fund Committee of Haddassah at tea.

Mrs. Dowd will speak to members at 3 p.m.

**YULETIDE** spirit prevailed in the YWCA gym Saturday evening when the Gama Sigma Gama held its pre-Christmas dance "Mistletoe Mender."

Spot prizes and a floor show were feature entertainment.

**St. John's WA Help Santa Claus**

Mothers who attended doll bazaar and tea sponsored by St. John's WA Saturday will be wrapping packages of doll clothes to put under the Christmas tree.

Visitors to the sale were welcomed by Mrs. W. E. Harrison and Mrs. J. A. L. Smith.

Invited to pour tea were Mrs. S. Taskberry, Mrs. R. L. Robson, Mrs. S. G. Davis and Mrs. W. C. Austin.

Mrs. F. Fidler and Mrs. S. Moody convined home cooking sale.

**Municipal Chapter Presents Bazaar**

Pre-Christmas bazaar and tea has been held recently by Municipal Chapter of Edmonton, IOOE.

Tea convenor was Mrs. J. P. Thompson and bazaar convenor was Mrs. K. P. McKenzie.

Tables stacked with articles suitable for gifts and tables of home cooking were provided over by members of various chapters.

Mrs. H. C. Marshall, Mrs. P. P. Griffiths, Mrs. R. E. Jones and Mrs. W. Stanley Ross were invited to pour tea.

**Memories of the WA** to the International Typographical Union, will be the subject of Mrs. W. J. Tait, 1024-15 street, on Wednesday, Dec. 4th, at 3 p.m.

**groom** was best man. Ushers were George Calen, Edmonton and T. E. Carson.

Laker a reception was held at the Peacock Inn.

**MOTHERS RECEIVE**

To receive guests the bride's mother wore a navy dress with black accessories. Her corsage was pink roses.

Mrs. Hall wore a black dress with rose accessories. She had a shoulder corsage of pink roses.

For a honeymoon trip to Calgary, bride changed to a red garter-silk suit and wore top coat with fox collar.

Mr. and Mrs. Hall are making their home in Edmonton.

## Women Today

EDMONTON BULLETIN, Monday December 4, 1950 13

### Spiralling Farm Costs Discussed by FWUA

Deep concern at spiralling farm costs and diminishing returns for farm products was expressed at Calgary today by Mrs. R. B. Gunn, president of Farm Women's Union of Alberta.

Speaking at second annual convention of FWUA held at Calgary's Palliser hotel, Mrs. Gunn told provincial delegates "Farm people cannot long continue to produce the food so badly needed in a world where hunger to the point of starvation stalks so many lands unless the great disparity between food costs of production and price returns, is overcome."

"Farm living costs have increased since 1930 by 77 per cent, wage rates by 245 per cent, machinery 60 per cent, equipment and materials 100 per cent."

With regard to health, one of convention's main topics under discussion, Mrs. Gunn said "Keeping people well is a matter of prime importance. Health is a state of physical, mental and social well-being, and not merely the absence of disease."

Resolutions will be placed before the convention emphasizing the need for preventive mental health programs urging that such service be recognized and carried out as part of all rural health units.

**Legion Bazaar Held Saturday Afternoon**

Flatten to the bazaar, tea and homecoming sale in Kingsway Legion hall Saturday afternoon were welcomed by Mrs. Harold Wright and Mrs. W. Rice.

Tea was sponsored by Ladies' Auxiliary to Kingsway branch of the Canadian Legion.

Bazaar convenor was Mrs. Howell Williams, tea convenor was Mrs. Ted Greening, Mrs. Waite was in charge of home cooking and Mrs. W. Lippert was in charge of the doll and wardrobe.

**VON Reports Visits To 830 Patients**

November was a busy month for members of Victorian Order of Nurses. At a recent meeting Miss Mary Brennan, supervisor of nurses reported 830 visits made.

Fifty expectant mothers enrolled in the Friday prenatal clinic which is held at YWCA.

Four students from Misericordia hospital, four from Royal Alexandra and two from University hospital had one day each of observation.

EDMONTON BULLETIN, Monday December 4, 1950 15

## Memorial Unveiled In Olds Hospital

### Boyce Respiration Memorial Dedicated by Mrs. A. Boyce

OLDs, Dec. 4.—A large crowd gathered at the Olds hospital last week to witness the unveiling of the Michael Boyce Memorial in memory of the 15-year-old son of Mr. and Mrs. Archie Boyce, who died in September, 1949, of poliomyelitis.

The youth was exceptionally well known throughout Alberta as a young stockman, winning cups and prizes at exhibitions and calf club meets in the province.

A memorial fund was started in Olds, which grew until the Monaghan respirator and accessory equipment was unveiled by Mrs. Boyce and released for service in Olds hospital or anywhere in Alberta.

Rev. R. A. Sinclair of Bassano, formerly of Olds, was the guest speaker and Donald Newson, representing the hospital board, accepted the gift and stated the memorial plaque will hang in the vestibule of the hospital.

In conjunction with the ceremony, a chest X-ray unit was installed by the T. B. Association of Alberta.

## District Plan Is Discussed

BARREHEAD, Dec. 4.—Formation of a hospital plan for the district was thought likely, following a meeting in the town office Thursday afternoon.

The scheme which would provide hospital care for a day was fully explained by J. McCully, assistant director of hospital and medical services of the department of public health for Alberta.

Two hospitals would come under the scheme in Barrehead and Westlock, with the possibility of Sturgeon joining in.

Barrehead town council was represented by Mayor Charles Yull, councillors Norman Scott, Walter Bell, Fred Flett, and Ar. Oulton, while the town of Westlock sent Pat Conklin, Joe Henshaw and E. M. Stutbury. The M.D. of Westlock arrived with Elvée A. Zaczowski, councillors Frank Armstrong, Geo. Schultz and Fred Macdonald, and Luc St. Anne had a councillor, Frank Barton, on hand.

Father P. E. Polier of Barrehead and Father M. E. Rooney of Westlock, together with Sister Clara Superior of Barrehead and Sister Lawrence, secretary of Westlock, represented the hospitals.

## Coronation Club Elects Officers

CORONATION, Dec. 4.—Claude Luker has been appointed secretary-treasurer of the curling club, replacing Don Walker.

The following skips have entered their names in the wide open style of play this season: C. Luker, J. Noonan, A. Laird, A. Rodewitz, A. Sands, H. McFarlane, Ed Chabrier, J. Hildebrand, P. Thomson, A. Wallham, W. Zinger, C. H. Code, N. Orensky, A. Hendrickson, J. McIntosh and Bill Duncan.

## Two Missionaries Attend Church Meet

ROCKY MOUNTAIN HOUSE, Dec. 4.—Miss M. G. Dixon and Miss L. E. Krell, returned missionaries of the Sudan Interior Mission, spoke at the Nazareth church Thursday night and slides were shown.

They told of the life of the natives and the progress they have made in the last few years, with the help of missionaries. They visited the high school in the afternoon and answered questions asked by students.

After a year's holiday in Canada both of them will return to their work with the Sudan interior mission.

## PROVINCIAL BRIEFS

### W.A. Lamrock Heads Coronation Co-op

CORONATION.—W. A. Lamrock was re-elected chairman of the local board of the United Farmers of Alberta Co-op and James Pringle was re-elected secretary.

CORONATION.—Don Walker, accountant in the Bank of Toronto branch here, has been transferred to St. Boniface, Man., and will leave soon for his new post. A farewell party will be held this evening, sponsored by the Canadian Legion, band of trade, and the curling club.

FAIRVIEW.—Fairview E.I.K. club sponsored a turkey shoot here recently with proceeds going toward the community arena.

ROCKY MOUNTAIN HOUSE.—Fred Hoffing has returned from an extended visit at his parents' home near Gustav. While there, he bagged 13 geese, 14 ducks and one pheasant. One of the ducks was banded by the Fish and Wildlife Service, Washington, D.C., and Mr. Hoffing has forwarded the band to them with full particulars.

X-RAY equipment was installed at Lacombe Municipal Hospital at ceremonies here last week. Mildred Moffat and Matron Kay Young of Lacombe check new unit. Officials of Alberta Tuberculosis Association were on hand for ceremonies.

## AREA GETS NEW PHONES

FAIRVIEW, Dec. 4.—Farmers in the Westlock district have installed their own telephone system for neighborhood communication.

They have procured their own poles and wiring, did all the work themselves and purchased second-hand telephones from a Manitoba firm.

Rural residents in West Fairview have carried out a similar project, but are connected with the government telephone exchange in Fairview.

## 'Bee' Helps Rocky Rink

ROCKY MOUNTAIN HOUSE, Dec. 4.—Hockey citizens had a "bee" recently to help get the skating rink ready for the season. A fence was built, the ice cleared and flood-lit, and skating will be general the first of the week.

In order to try and build up a fund to finish the building next summer, local organizations have agreed to take turns skating and being responsible for rink supervision. The IOOE, Anglican W.A. the Hebrews, the YDA sub-club and Masonic lodge have offered to help, and other organizations are being asked to take a week during the season.

Until all the citizens rallied around, there was grave danger that the rink would not open at all this winter, but now a seasons' fun is assured.

## Stettler Golfer Elect New Slate

STETTLER, Dec. 4.—Stettler's golfers held a banquet in Stettler Hotel Wednesday and new officials were elected.

Those are: president, Dr. A. K. Bradshaw; vice-president, George Wood; secretary-treasurer, Jerry Smylie; executive, Herb Allen, Bill Baiting; Les Leck; membership, Dr. H. J. Zender, Gordon Turner and A. E. Morrison; tournament, Paul LeFavre, Jack Ellis and Roy Wilis.

During the evening club trophies were presented as follows: club championship, V. E. Suckey Trophy to George Wood; Stettler Independent Trophy to George Wood; Club Handicap Trophy to Chas. Willis.

BARREHEAD, Dec. 4.—With a squadron of Air Force Cadets having been promised for Barrehead for some time, P. R. Spurgeon, W.O. 11 from Edmonton visited here to arrange for uniforms.

Constable Ross Baker in charge of the local squadron has things now well in hand and action should start in a very few days.

STETTLE, Dec. 4.—Usual heavy mail in Stettler, plus the Christmas rush, has caused the local postal authorities to authorize the setting up a parcel depot in south half of L. J. Smith's place of business.

Efforts are being made towards a new and larger Post Office for Stettler.

Silver, lead and zinc are found in rich quantities in various parts of Alberta.

## AT OLDS

### Pupils Get Hot Dishes With Lunch

OLDs, Dec. 4.—A short time ago members of the home art school association thought children taking their lunch to school should have at least one hot dish on their menu.

Out of this grew the Hot Lunch Club.

Members who have children taking lunch every day pay \$1.25 for pupils per month and town who take lunch on cold days are charged 10 cents a day. The hot dish only supplements the lunch brought from home.

Officers of the club include: president, Mrs. A. Weir; secretary, Mrs. W. Haworth; and treasurer, Mrs. R. G. Habbick.

## Pupils Play Table Tennis

WHITECOURT, Dec. 4.—Whitecourt school seniors have concentrated on table tennis as a spare time activity.

In two tournaments Redmond Gardner battled it out in the finals with Ron Hoyer, with the latter twice emerging as victor. The prize awarded by Principal C. A. Weekes, was presented to Ron Hoyer recently.

## Curlers Meet

WASKATANA, Dec. 4.—Paul Deane was elected president of Waskatana curling club at their annual meeting here recently.

Other officers elected were: president, Mrs. H. Morley; vice-president, R. Thomas; and skipper, R. Elliot; J. Petyk, G. Reinken, C. Proctor, J. Koski and P. Dehad. Committees were elected to be in charge of the bonspiel, Jan. 19 to 21.

## Westlock Oldtimers Hold Annual Meeting

WESTLOCK, Dec. 4.—Members and families of the Westlock and District Oldtimers Association held their annual get together in the Memorial Hall here Thursday evening.

Under the guidance of the president, George McLellan of Clide, about 250 people sat down to a banquet served by Westlock Women's Institute, after which an entertainment concert was held.

Guest speaker of the evening was Rev. J. W. Mainwaring of Westlock, who gave an address dealing with the past experiences of the pioneers who settled Alberta.

Large groups of old timers (retired from Clide, Busby, Almonte, Peaceville, Hare, Hare, Manola and Edmonton).

Artists contributing to the evening program were: Mrs. George Guest, Westlock; Mrs. W. Stanton, Hare; Bluff, Mrs. Mills, Almonte; Reg. Hibbert, Edmonton; Mrs. Kittie, Busby; Mrs. J. Stanton, Hare; Bluff, Mrs. Elmer Reid, Westlock; Madge Smith, Westlock; Mrs. R. Bentley, Mrs. M. Watt, Westlock and the Gypsy Troubadours of Clide.

**Big Export**  
NEW DELHI (CP)—Bombay is exporting shank liver in Britain, United States, Australia and other countries. The state has an annual production of more than 4,000 gallons.

## Work Delayed In Bush Area

WHITECOURT, Dec. 4.—Heavy snow and continued cold 2 to 3 inches of snow caused a delay in the work of the Westlock and District Oldtimers Association.

Under the guidance of the president, George McLellan of Clide, about 250 people sat down to a banquet served by Westlock Women's Institute, after which an entertainment concert was held.

Guest speaker of the evening was Rev. J. W. Mainwaring of Westlock, who gave an address dealing with the past experiences of the pioneers who settled Alberta.

Large groups of old timers (retired from Clide, Busby, Almonte, Peaceville, Hare, Hare, Manola and Edmonton).

Artists contributing to the evening program were: Mrs. George Guest, Westlock; Mrs. W. Stanton, Hare; Bluff, Mrs. Mills, Almonte; Reg. Hibbert, Edmonton; Mrs. Kittie, Busby; Mrs. J. Stanton, Hare; Bluff, Mrs. Elmer Reid, Westlock; Madge Smith, Westlock; Mrs. R. Bentley, Mrs. M. Watt, Westlock and the Gypsy Troubadours of Clide.

**Schedules Set**  
NORRIMING, Dec. 4.—Meeting of Norrington Athletic Association was held recently to interview new cricketers, A. Holden and B. Walker.

The new schedule has made it possible for the high school pupils to curl on Thursdays and Saturdays. If the weather stays cold, the ice will be ready in a week.

Relatives in virtually all tool-brushes and hair brushes made in 1949 were of nylon, according to the Massachusetts Institute.

## GUARANTY TRUST APPOINTMENT

Mr. J. Wilson Berry, President and General Manager of Guaranty Trust Company of Canada, appoints the appointment of Mr. Hal E. Hunt as office in Calgary. Before his appointment with Guaranty Trust Company, Mr. Hunt handled all shipping, royalties and leases for the Panipac and Transcontinental Oil Companies of Venezuela. Now settled in Calgary, Mr. Hunt is enthusiastic about Western Canada and its potential as a major contributor to the global oil industry.

"Boy, they've got what it takes!"

Never before in Chevrolet history has there been such customer satisfaction, such popularity, such demand for Chevrolet Trucks. The fact that Chevrolet Trucks lead in sales is convincing proof of the owner satisfaction they have earned through the years—proof that Chevrolet is far and away the most-wanted truck, everywhere. The Chevrolet 4-point value story tells you why—power, comfort, strength and price! See your Chevrolet dealer.

## Advance-Design TRUCKS

A GENERAL MOTORS VALUE

## Use of Atom Bomb On Reds Opposed

### Risk of Immediate General War Increased, Says Pearson

OTTAWA, Dec. 4.—(CP)—External Affairs Minister Pearson today deprecated use of the atomic bomb against Communist China.

Warning that the risk of immediate general war has increased, he told the federal-provincial conference on the use of the bomb would be "weighed by the reactions among the peoples of the world."

Mr. Pearson, in a major statement of government foreign policy, indicated cabinet belief the A-bomb should not be used on China, while there is any chance at all of preventing aggression in the war in Korea.

But, he said, Canada should be among those governments consulted before a decision of such immense and awful consequences is taken—it is taken to use the bomb.

Mr. Pearson said it is safe to assume China intervened in Korea with the assurance of Russian help if China itself is attacked in turn. Thus, he told the conference, the present situation in Korea cannot be seen as a purely local matter, but as one with Communist China and with Russia, too.

He said as well:

1. Military intervention leads to the hope that the United Nations will be able to establish a stable holding line in Korea.
2. The western democracies must attempt to reconcile their

determination to resist aggression with the fact China has made it abundantly clear she regards UN action in Korea as menacing her national interests as greatly as she is willing to risk general war.

It is particularly difficult at this time to assess the possibilities that general war will come.

4. There is no reason why U.N. efforts to localize the Korean war should not succeed, they don't, responsibility should be fixed firmly on Peking and Moscow. If they do, the immediate danger of war would be removed but not the long-range threat.

Because western rearmament will become more and more important after 1951, months ago and may lie in the future.

"Because of this," he said, "and because of recent events in Korea, the danger of a major war in the immediate future has, I think, increased."

## Views On A-Bomb Use

This is what the minister said on use of the A-bomb:

"There is some discussion going on at present whether the atom bomb should or should not be used against the aggressors in Korea."

"One consideration in this matter—and an important one—must be the effect of such action on the relations of the western world with Asia. The military, and others, may argue that the atomic bomb is just another weapon."

"But, in the minds of ordinary people everywhere, the use of the bomb is far more than that, and it has acquired an immensely greater significance than any other aspect of war. The anxiety with which the possibility of such use is regarded has been strikingly and increasingly evident of late among our people in Europe."

This anxiety is, I think, the main reason for the appeal, even in free countries, of the Communist "peace" campaign.

"It would be hard to exaggerate the psychological and political consequences of the employment of the bomb, or the threat of its employment, in the present critical situation. The strategic use of the bomb

provokes one to 're-consider' the use of the bomb, and it is far more than that, and it has acquired an immensely greater significance than any other aspect of war. The anxiety with which the possibility of such use is regarded has been strikingly and increasingly evident of late among our people in Europe."

## Must Consult On Its Use

"This is natural and inevitable, but before a decision is reached on the use of the bomb, and its far more than that, and it has acquired an immensely greater significance than any other aspect of war. The anxiety with which the possibility of such use is regarded has been strikingly and increasingly evident of late among our people in Europe."

Russia's greatest weakness has been its lack of a strong relative deficiency in A-bombs. They would probably with build up of those would be the atomic and economic strength before opening hostilities.

But the possibilities of such a delaying policy must be balanced against the wish to exploit Western weakness. Western strategy would be to exploit the atomic and economic strength before opening hostilities.

"It is of supreme importance to the morale and survival of the free peoples that, if war comes, the responsibility should be clearly and indisputably placed on the aggressors."

"While there is any chance at all of preventing an extension of the present hostilities in Korea, and of threatening its use, or, I think, likely to be for our safety and the reactions among the peoples of the world, and especially the peoples of Asia, which would result from its use."

## PREVIEW OF STAND

The minister's remarks are a preview of the stand Canada will take when the UN general assembly discusses the Korean situation. He will leave today for New York to attend the Canadian delegation.

He assessed the Russian reaction at that of a power which already has the ability to wage major war. She had shown she is willing to

## MACARTHUR DENIES CHARGE IN ARTICLE

NEW YORK, Dec. 4.—(AP)—Gen. Douglas MacArthur yesterday "completely flatly" denied the charge he had ordered U.S. troops to the Chinese border to the safety of their Manchurian border.

The message from MacArthur was received here by the Freeman, a magazine which queried the United Nations command in Korea about a New York Times article by James H. Dorn on Nov. 30, in which he wrote that Gen. Arthur "is understood to have ordered" when it was first mentioned to him, "President Truman's assurance to the Chinese Communists on the safety of their Manchurian border."

The Freeman, which calls itself a "fortnightly of opinion," said it received this reply: "Statement is completely false. MacArthur's

Guerrilla Attack TAPPEL, Formosa, Dec. 4.—(CP)—The Chinese United States and today 6,000 Chinese Nationalist guerrillas attacked Chinese Red positions along the coast of Formosa, 14 miles north of Nanking in Kwangtung province last month, killing more than 100 casualties.

## Two Alberta Towns Get Hospital Funds

OTTAWA, Dec. 4.—Four hospitals in Alberta and Saskatchewan have just been awarded \$50,000 from federal funds to help meet their construction costs the minister of national health and welfare, Hon. Paul Martin, disclosed here today.

They are the municipal hospitals of Berwyn and Fairview, Alberta; and the Union hospitals of Smeaton and Cabri, Sask.

At Berwyn, in the Peace River district, a new wing is being added to the present hospital to double its capacity. It will contain operating rooms, case and labor rooms and space for 10 more beds and a five-basement nursery.

Construction is expected to be finished early next year. The federal and provincial governments are contributing more than \$13,000 toward the construction cost.

At Fairview, also in the Peace River area, an addition is being added to the present hospital to double its capacity from seven to 25. It serves a frontier hospital district with a population of about 4,600 scattered over more than 2,500 square miles.

The new wing will contain a children's ward, a nine-basement nursery, new operating and case rooms and an isolation suite. The federal and provincial grants are more than \$28,500 each.

## Help of People Said Needed On Inflation

MONTREAL, Dec. 4.—Although "wise and forthright governmental" what, little can be done without the understanding and help of the people in all walks of life, emphasized G. D. Gaudin, president of the Bank of Montreal, at the bank's annual meeting today.

The balance sheet presented by Gordon R. Ball, general manager, showed total year-end assets of \$1,900,000, compared to \$1,400,000 a year ago.

Deposits at \$2,000,000 had increased to \$4,000,000. The bank now has over 1,800,000 deposits, an increase of more than \$600,000 in the past six years.

Cash and short-term loans were up to \$800,000, while other current loans totalled \$25,000,000 against \$487,000 a year ago.

Turning to the business situation, Mr. Ball said that some prices had increased so rapidly that corrected deflation might reasonably be expected and, in fact, had been expected. He cautioned bankers against making commitments solely in anticipation of price rises.

The situation, he felt, warranted a careful scrutiny by business men of inventories, of credit extension and plant expansion in the light of the need of maintaining a fixed exchange rate of the Canadian dollar.

With Canadian holdings of gold and U.S. dollars at high levels and with the need of maintaining a fixed exchange rate of the Canadian dollar, Canada should give priority to the elimination of the control as a condition precedent.

The time was ripe, the general manager suggested, to re-examine the usefulness of exchange control while Canada had gone far in removing barriers to international commerce, the "complex and expensive" mechanism of control remained.

With Canadian holdings of gold and U.S. dollars at high levels and with the need of maintaining a fixed exchange rate of the Canadian dollar, Canada should give priority to the elimination of the control as a condition precedent.

The time was ripe, the general manager suggested, to re-examine the usefulness of exchange control while Canada had gone far in removing barriers to international commerce, the "complex and expensive" mechanism of control remained.

## Two Alberta Towns Get Hospital Funds

OTTAWA, Dec. 4.—Four hospitals in Alberta and Saskatchewan have just been awarded \$50,000 from federal funds to help meet their construction costs the minister of national health and welfare, Hon. Paul Martin, disclosed here today.

They are the municipal hospitals of Berwyn and Fairview, Alberta; and the Union hospitals of Smeaton and Cabri, Sask.

At Berwyn, in the Peace River district, a new wing is being added to the present hospital to double its capacity. It will contain operating rooms, case and labor rooms and space for 10 more beds and a five-basement nursery.

Construction is expected to be finished early next year. The federal and provincial governments are contributing more than \$13,000 toward the construction cost.

At Fairview, also in the Peace River area, an addition is being added to the present hospital to double its capacity from seven to 25. It serves a frontier hospital district with a population of about 4,600 scattered over more than 2,500 square miles.

The new wing will contain a children's ward, a nine-basement nursery, new operating and case rooms and an isolation suite. The federal and provincial grants are more than \$28,500 each.

## New Cattle Law Potted

Amendment to regulations governing the export of cattle to the United States is expected to encourage export of calves by Alberta stockmen.

Hon. D. A. Lee, minister of agriculture, announced today that under the revised regulations cattle exporters to the United States need not be tested for brucellosis or bang's disease.

Instead, exports will be permitted if the animals are accompanied by a certificate issued or given by a veterinarian of the Canadian government, showing that they were vaccinated as calves six to eight months of age and within 20 months of their being offered for export.

The revision and regulations go into effect on Dec. 10.
